

## Developing Online Teaching Skills for the Post-Pandemic Language Classroom

Bilingual workshop (English/German), Potsdam 29<sup>th</sup>-30<sup>th</sup> September 2023

### ECML experts for the event

**Dr Ursula Stickler** is a Senior Lecturer in German at the Open University UK. As a researcher and trainer she has specialised in autonomous learning and online language teaching skills, contributing to an international network of experts. She has played a leading role in projects based on this collaboration (DOTS, moreDOTS, and ICT-REV) has led to peer-reviewed publications and multiple workshops across Europe and beyond. She was till the end of 2018 co-editor of *System: An International Journal of Educational Technology and Applied Linguistics*. Her areas of interest include Training of Online Tutors, Virtual Learning Environments, Interaction in Online Language Tutorials, Eyetracking, Tandem Learning, Language Learning and Teaching Skills and Autonomy in Language Learning.

**Dr Martina Emke** coordinates the academic staff development programme for Netzwerk hdw nrw at Bielefeld University of Applied Sciences and Arts, an association of twenty universities of applied sciences in Northrhine-Westphalia, Germany. Previously, she worked as a language teacher in further education, higher education and in a vocational school. For the European Centre for Modern Languages (ECML) Martina has worked as a teacher educator, project co-coordinator and materials developer. She is the co-editor of the Castledown book series *Developing Online Language Pedagogies*. Her research interests include posthuman digital education, networked learning and the use of social media in language teaching and learning.

**Aline Germain-Rutherford**, PhD, is Vice-Provost, Academic Affairs, at the University of Ottawa and Professor in the Faculty of Education. She received a Doctorat de Didactologie/ Didactique des Langues et des Cultures at La Sorbonne Nouvelle, Paris III, France and is the author of numerous publications on faculty development, second language pedagogy, speech technology and the integration of sound pedagogy in e-learning practices. She is also the co-editor of the *The Routledge Handbook of Plurilingual Language Education*. She has been a member of the DOTS, MoreDOTS and ICT-REV team at the European Centre for Modern languages (ECML). She is a recipient of the 3M National Teaching Fellow Award, a Canadian Award that recognizes excellence in teaching and leadership in higher education.

Use of ICT in support of language teaching  
and learning
